

**TITLE INDUSTRY
ASSURANCE COMPANY**
A Risk Retention Group

UNDERWRITING MANAGER: Capital Professional Insurance Managers, Inc. • www.cpim.com/tiac
7501 Wisconsin Avenue, Suite 1500 • Bethesda, MD 20814-6522 • 800-628-5136 / FAX: 800-TIAC-FAX

You can pay by FAX. It's *fast!* It's *easy!* It's *FREE!*

For your convenience, and to avoid the expense of overnight express delivery, you can simply **FAX us your payment check!** Here's how:

1. Write your payment check in the regular way and sign it, of course.
2. Attach your check to this form and make a clear photocopy.
3. Then, simply FAX it to us at **(800) TIAC-FAX (800-842-2329)**.

That's all you have to do, and ***your payment is made!*** Nothing could be faster or easier!

* * * * *

"This check authorizes you to charge our bank account as per the attached check."

↑ * ALIGN THE TOP OF YOUR CHECK HERE * ↑

You KEEP the original check for your own records. We input the information from your faxed check to create a duplicate pre-authorized bank check to deposit, which has the *same* check number and *same* amount as the one you fax. After it's deposited for your payment, you'll receive it back from your bank along with all your other cancelled checks, just as always!

The *security's* built in. Pre-authorized checks have been *universally accepted* in the banking industry for years. And faxing a check is even *safer than mailing* it—plus, it's *much faster* and *far less expensive* than overnight delivery, too!

Your faxed check serves two purposes: it assures that the information on the pre-authorized bank check is all *correct*, and it provides written authorization to create the check for deposit.

We're very pleased to offer this *convenient, quick* and *inexpensive* option for you to make your payment. If you have any questions, or if we can be of any further assistance, please let us know.
